

LACO TECHNOLOGIES

LEAK DETECTOR RENTALS

LACO Technologies specializes in helium leak detector rentals for a variety of applications. Units are available from stock with same day shipments. Rental time starts when you receive the unit and ends when the unit is returned. There is no rental time charged for shipping time.

Pricing is available for both week and monthly rental rates. Please contact our sales team at 801.486.1004 for rates and to verify availability. If your existing leak detector requires repair, LACO offers a 50% discount on rentals when we service your leak detector.

RENTAL AGREEMENT

For all rentals, please complete the Rental Agreement and fax to LACO at 801.486.1007. All rentals must be confirmed to ensure equipment availability. Rentals include inlet vacuum hose and fittings, and are guaranteed against breakdown or failure. Any downtime is not charged. See the Rental Agreement for complete terms and conditions.

ACCESSORIES	Helium spray and sniffer probes, helium cylinder regulators, helium injection kits, calibrated helium leak standards		

TRY BEFORE YOU BUY

If you would like to test the LHHL-2002, GasCheck G3, or LACO MiniTracer performance on your application, you may rent it for a one week period. If you decide to purchase it, LACO will credit up to \$300 (depending on model) towards the purchase price of a new portable detector if purchased within the rental week. Otherwise, you may return the leak detector and only pay the rental fee.
