NOTES/SPECIAL INSTRUCTIONS	
----------------------------	--

RENTAL TERMS AND CONDITIONS

GENERAL

The undersigned is responsible for the operation, care, maintenance and safety of the equipment during the rental period. Any personnel operating the equipment must be trained. Please review the operating instructions included with the equipment before operating. Follow all start-up, operating, safety and shutdown procedures as outlined in the operating manual provided. LACO does not guarantee or certify any leak testing results generated by the rental equipment. The undersigned is responsible and liable for any leak testing certification and results. LACO is not liable for any scheduling issues due to rental unit availability.

RENTAL RATES

All rentals require credit card payment. Contact LACO to arrange for alternate terms of payment. Rental charges will begin on the day the item is received or picked up by the customer. The rental will end on the day the item is returned or the day it is shipped back to LACO based on the freight tracking number. Contact LACO for monthly or extended rental rates. Rental fees are charged upon shipment of the rental equipment. When rental return date is coming due, LACO will contact the customer to confirm the unit has been shipped. If additional rental time is required or the unit is returned late, additional rent will be assessed. No credits will be provided for early returns (1 week minimum) or for lack of usage. In the event the customer decides to purchase a new leak detector while renting, LACO will not charge rental fees from the time a purchase order is received for the new unit until the new unit arrives at customer site.

INSURANCE, DAMAGE, LOSS OR THEFT

The undersigned is responsible for damage, loss or theft of the equipment during the rental period. Identification of any possible damage is subject to inspection by LACO. The undersigned is responsible for payment of reasonable costs to repair or replace the equipment due to loss, theft or damage. It is highly recommended to verify business insurance coverage of rental equipment in possession. Shipping insurance is mandatory on return shipping for the value noted. LACO Technologies reserves the right to charge the provided credit card to cover the damage, loss or theft of the rental equipment. Customer is responsible to notify LACO of any potential shipping damage, so a freight claim can be filed prior to return of the unit. Failure to do so will void any claims for credit.

SERVICE AND REPAIRS

Customer is responsible to perform oil changes on the internal rotary vane vacuum pump while in their possession as needed for the application or approximately every 3 months. LACO will contact the customer and provide instructions and the appropriate oil every 3 months. All other repairs or maintenance must be performed by or under the direction of LACO personnel. Additional repairs or modification to the system, other than directed, are not authorized. In the event of equipment failure or operational questions please contact LACO technical support at 800-465-1004. In the event of failure on a rental unit, LACO will ship another unit prepaid ground and credit the rental time for down days. Customers may elect to pay expedited replacement shipping charges. No refunds will be given for the initial freight charges due to freight damage or failed units.

EXCESSIVE WEAR AND TEAR OR EQUIPMENT ABUSE

When operated properly the equipment should experience minimal wear and tear during the rental period. If it is determined that upon receipt and inspection of the returned equipment there has been excessive wear and tear or abuse the customer shall be charged for repair. This includes but is not limited to contamination of the equipment by chemicals, water, or excess particles, or running the equipment without the proper type or amount of lubricant.

TRANSPORTATION, STORAGE, AND SHIPMENT

The equipment shall be packaged to prevent damage due to shock, excess vibration, and weather during storage, transporting, or shipment. Supplied shipping containers must be returned. All shipping return charges are to be paid by the customer. No return collect shipments to LACO are allowed without prior authorization. All items shipped to be insured per the indicated value. Warranty credits or replacement units will be provided at no charge in the event of a rental failure with ground shipping costs, covered by LACO on a replacement. Any air overnight shipping charges requested will be the responsibility of the customer.

PREMIUM RETURN SHIPPING

Upon request and upon agreement to pay the PREMIUM RETURN SHIPPING fee quoted, LACO will arrange for the return shipment of the rental unit including providing a bill of lading to give to driver and arranging for the freight carrier to pick up the unit on the day the customer notifies via email to LACO the rental unit will be ready for pick up. Customer will be responsible for packaging unit and loading the unit at the agreed to time. Rental time will end when the freight carrier picks up the rental unit.

CUSTOMER LEAK DETECTOR REPAIR

LACO offers a 50% discount on leak detector rentals when performing the repairs on your leak detector. Upon receipt of repaired leak detector, rental rates will resume at normal leak detector rates as indicated in this agreement.

MASS SPECTROMETER HELIUM LEAK DETECTORS

The leak detector shall be installed on a system and operated such that it will not be subject to sudden air in-rushes or excessive water vapor while in test. The leak detector can be moved while in operation. However, avoid excessive movement or shock while the system is in operation. Leak testing rental equipment is not designed, rated or allowed for use in leak testing applications involving corrosive materials, water, high concentrations of oxygen, hydrogen or radioactive materials. Any abuse may result in equipment damage or equipment explosions.

I, the undersigned, have read and understand the above terms and conditions. I understand and feel confident operating the equipment and am responsible for training and use of the equipment by other company personnel.
